HFTP Greater Philadelphia Chapter Toy Drive

This year, we teamed up with the HeadStrong Foundation to help families in our area this holiday season . At the HEADstrong Foundation, they offer financial, residential, and emotional support to families affected by cancer. Their founder, Nicholas, recognized the scarcity of essential resources for families during their fight. The team is based in Philadelphia and works relentlessly to provide resources for patients and their families who are receiving specialized cancer care throughout the country.

A couple of important notices to make this event run smoothly 1. We ask that you _wrap and label_ the gift for who it is intended for. 2. In an effort to avoid duplicate gifts, we kindly ask you _send Joel (jcrouse@stanwichenergy.com) an email when you have purchased a gift_ so he can remove it from the list

Here are some of the interests/ideas for the children:
****highlighted items have already been purchased :)
